Why was this option chosen? (In what ways does this option enable progress to be measured?)	1& 2: The above options were chosen as they reflect the specific focus of each literacy program as detailed in the Learning Plans.
What will constitute progress?	Successful demonstration at the relevant level, of the identified Performance Features over three consecutive sessions.
How will I demonstrate progress?	1. By recording the level of support required on a task over consecutive sessions, until successful demonstration of the Performance Feature 2. Identification of two pieces of evidence per Performance Feature.
